

WAYNE B

Night of the Hunter

Quatermass / Everlasting

Release date: 30th of september 2005

Splitting time between Austin TX and NYC, Wayne B Magruder plays drums and samples for Brooklyn-based band Calla and records as a solo artist under the moniker 'Wayne B'. Taking cues from his past membership in Bowery Electric and Windsor for the Derby, Wayne B creates music with acoustic guitars, gritty samples, sub bass, and fractured drums.

With his new album, 'Night of the Hunter', Wayne B takes urban rhythms and folds in a rural influence. The conflicting hi/lo-fi production tactics and eerie textures create strange songs and fables.

Guest vocals by

Jana Plewa (Berlin)

and Daphne Gannon (NYC)

add a provocative ambience perfect for getting lost to.
